A diagram of a rectangular grid of octagonal cells. The grid is composed of octagonal cells with rounded corners, arranged in a staggered pattern. The diagram includes several dimension lines and labels:

- MD**: A vertical dimension line on the right side, labeled "MD".
- ITP CIRCUMFERENCE**: A vertical dimension line on the right side, labeled "ITP CIRCUMFERENCE".
- 0.3 (TYP.)**: A horizontal dimension line on the right side, labeled "0.3 (TYP.)".
- 0.75 (TYP)**: A diagonal dimension line on the right side, labeled "0.75 (TYP)".
- 1.75**: A horizontal dimension line on the left side, labeled "1.75".
- 1.25**: A horizontal dimension line at the bottom, labeled "1.25".
- A**: Two labels "A" with arrows pointing to specific cells in the grid.
- B**: Two labels "B" with arrows pointing to specific cells in the grid.
